Accelerated 6.9 Homework

1) Ms. Ritter bought a $6,000 tractor. The total, with tax, was $6420. What is the sales tax rate?

2) Mr. Jordan took his wife on a date, and the meal cost $62. If there is a 4.5% sales tax, what will his total cost be?

3) Chicago has the nation’s highest sales tax rate at 10.25%. Julie lives in Chicago and spent (including tax) $88.20 for a dress. How much does the dress cost before tax?
